ANNUAL TRACK MEET MAY BE ON HOME FIELD

ASPIRANTS TURNING OUT REGULARLY; TEAM MAY GO TO SEATTLE

Every evening at 3 o'clock, can be seen a score of men making their way to the fair grounds to do their daily turns on the turf.

Although the turnout is small, there are a number of men who are developing fast. "Pop" Nelson, the "Granger Flash," is strutting along at a fast clip in the half mile and shorter events. "Pop" is a sure point maker if he continues at present rate.

"Sheriff" Chambers, otherwise "Lil" Arthur, is a good man in the weights and field events. "Walt" Kilian is clearing the bar in the high jump, in fine style and throws the

NEW STUDENTS ARRIVE SAFELY

We don't know whether they're just visitors or whether they really intend to stay with us, but we all hope they will remain since we have become quite attached to them in the short while they have been here.

Lest you are not sure about whom I am talking, I will say that these new comers are: Gladys Painter, Evelyn Biles, Katherine Meline, Miss Coon, Florence Claybaugh and Elizabeth Lehto.

I might also add that these six little guinea pigs are making their headquarters for the present on the third floor of the science building.

LYCEUM TOUR IS A BIG SUCCESS

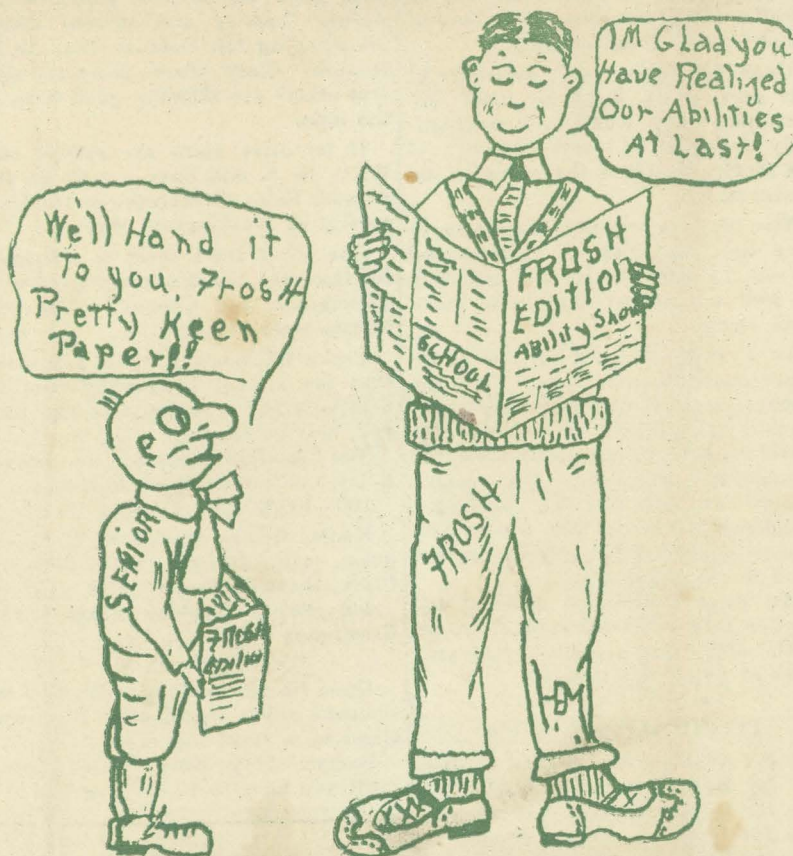

Clinkty—Clang-Clang, ..Fire! — Raymond! Fire in greeting, fire in parting. Such was the, "first night" for the "Ellensburg Opera Company," as they were at times called.

Beginning at Raymond and closing at Roslyn the trip was a bumping success.

Fire at Raymond in which Austa Lee became a volunteer in the battle-ax department, enroute to New York on the S. S. Munaires in which Gladys Bailey and Miss Davidson played a prominent and heroic part; Dorothy Coulter in the terror of a sawmill; Tom Davis with flowers and grips and hat-boxes (???!); Minto Miller and Edna Abbot with their precious noodles; and the beautiful observational return. Such is but a sample of the varied experiences of the troupe, who returned Saturday morning.

Clark—"I thought you were in English 2 last quarter?"

Inky—"I was but Hinch encored me."

BIG EVENT OF YEAR IS COMING

WHEN? MAY 10th;
WHAT? THE PROM
WHERE? KAMOLA HALL

The Junior Prom, coming May 10th promises to be the biggest event of the season. On that evening at Kamola Hall the Juniors have promised to show the Seniors what a real Prom can be.

Social Commissioner Irene Gendron is keeping all the plans under cover saving them to create surprises the fatal night of the Prom. Committees are fast at work making detailed plans for what is to be the last and most wonderful Junior dance of the year.

The committee has issued a warning to keep May 10th open or you will be depriving yourself of a real good time.

SHORT, SNAPPY ASSEMBLY HELD

GRACE CAMPBELL GIVES READING; BUSINESS QUICKLY DISPOSED OF

Short and snappy was the A. S. B. Assembly at 3 o'clock Tuesday.

Short and snappy was the program in which Grace Campbell gave an interesting and enlightening reading on the art of baseball, as seen in a woman's eyes. Her clever encore, "So did I," was especially appreciated.

Short and snappy was the business meeting which followed in which one motion was made—that of adjournment.

Short and snappy was the Frosh meeting held immediately after the A. S. B.

The new president, Lamoine Tuck, took office. It was voted that the coming issue of the paper should be a Frosh edition.

Short and snappy was the adjournment.

This is the Greenling, the Frosh issue. In it we have attempted to show you a part of the Freshman spirit and attitude.

Though in our first year, we have as much feeling and sympathy towards the traditions, ideals and customs of W. S. N. S. as the lofty Senior.

If you like this paper, say so: if not, tell us how in the future we can make it better.

Thanks are due to the Executive Committee of the A. S. B., our advertisers, and the many Freshmen students who made our feature possible.

Yours for the betterment of W. S. N. S.

Sincerely,
THE EDITOR.

J. C. KAYNOR, OWNER AND PUBLISHER OF EVENING RECORD ADDRESSES ASSEMBLY

"A newspaper's first duty is to its readers. It sells service, service to the public and to its advertisers," were the words of J. C. Kaynor, past president of the Washington State Press association and publisher of the Ellensburg Evening Record, speaking to an assembly Thursday.

The ordinary reader of a newspaper little realizes the complicated process of producing one issue of a newspaper. There are the machines—there are the just as accurate "human" machines.

There is the ideal newspaper, according to Mr. Kaynor, in which the articles must be accurately, quickly

CHEM. CLUB TAKES TRIP TO THE SWAUK

What proved to be a highly successful trip, was taken by the Chemistry club to the Swauk last week end. The party left early Saturday morning under the chaperonage of Miss Reuter.

Wood products, that is distilled and raw wood were obtained. These will be worked over and reduced in the Chemistry laboratory.

Those who took the trip were: Gladys Painter, John Bradshaw, Billie Dickson, Harold Sloan, Leota Schumaker, Randolph Gustavson, Elizabeth Lehto, Dewey Gowen, Doris Adley, "Speed" Beusch, Hope Nevius, Ethel Quinn and Archie Crowley.

APPARATUS ARRIVES FOR BIOLOGY DEPT

During the last week, the Biology department received several additions to its equipment, in the form of testing and recording apparatus.

Among the most important of the new materials, according to Miss Reuter, are a "Revolving Drum," for recording rhythm of the inner organs, such as the heart; a haemocycloimeter for taking the white and red blood corpuscles counts; and a hemoglobometer for testing the amount of hemoglobin in the blood.

In addition, several dissecting instruments and an inductive coil for stimulating animal tissue arrived. The apparatus is to be used in Biology experimentation and demonstration.

Visitor at school—"What became of that other windmill that was here last year?"

Inky Parmeter—"There was only enough wind for one, so we took it down."

and concisely written. Very often conflicting emotions arise as to whether some news, if published, will be beneficial or destructive in the loss of subscriptions or advertising.

Upon the editor rests decisions of this sort which must be made impersonally and which are mechanically followed by every member of the staff. He bears the brunt of the mistakes.

The ideal newspaper endeavors to keep its faith with its readers and present its news clearly and concisely as well as present debateable questions fairly.

To a small community the newspaper means a great deal. First the greatest cost of the newspaper production is the wages of the employees therefore that money lies within the community. Secondly, the people therein as well as the staff get broadened contracts with others and leaders in industry. It is a decided asset to any community.

Mr. Kaynor extended a hearty invitation to the Normal students to go to the office and see the actual process of publishing a paper.

javalin and discus a good distance. Felix Rea and Wilder Bridgham also look good for a few points while Archie Crowley and several others are clipping the Century close to 10 seconds. Clark, Olson, Hunt and several others are showing good form in the mile.

If tentative plans are carried out, W. S. N. S. will have a team in the Annual Relay Conference at the University of Washington, May 3.

One other track meet is scheduled for this year, the triangular meet with Bellingham and Cheney. This will be two weeks later.

Financial reasons have suggested that the annual Triangular meet be held here and it is probable this plan will be carried out.

The tentative lineup for the Annual Relay Conference is as follows:

100—Bridgham, Crowley.

Medley Relay—Bridgham, 220; Robinson, 440; Nelson, 800; Crowley, Clark, Hunt or Frazier, 320.

440 Relay—Nelson, Frazier and Crowley.

Upon Harry's arrival at W. S. N. S. someone said: "And poor John was killed by a revolving crane."

Harry: "My word! What fierce birds you have in Ellensburg."

Y. C. O. W. S. N. S. What does that mean to you? Nothing probably. But to Mr. Hinch's 4 o'clock music class it means the name of their club, Yodeling Club of W. S. N. S. This club tho new in age, is old in spirit for the art is one known for centuries. Officers elected at the last meeting are, President, John Simonds; vice-president, Miss Fuller; secretary, Battling Siki; treasurer, Kemal Pasha; servant at arms, John D. Rockefeller; S. O. representative, Mr. Richards and fool, Ring W. Lardner.

ADVICE TO GIRLS

Dear Annie Laurie: I am a sweet young thing of fourteen. I am terribly in love. Oh! I love him so. He is tall and blonde. So sweet! My parents do not like him and have ordered me to marry a dark brunette who has lots of money. Oh, dear Annie Laurie, tell me, what shall I do?
Answer: Draw straws.

Dear Annie Laurie: I am in love with four men—Felix, Speed, Dartt and Glen, who all insist that they adore me. I cannot choose. My heart is rent asunder. What shall I do? Which shall I choose?
Answer: None.

LITTLE HEART-BEATS

Oh Ye whose hearts are resonant,
And sing with love's romance,
Hear Ye the story of Jimmie Cowan,
A pleasant boy perchance.
The time was fast approaching,
A second to be exact,
Although the tense excitement
Had made him quite lost track.
She sat there in the wicker chair,
A heart beat he paused enroute,
Then at her feet he flew, and cried,
"Ah Je t'adore, voulez-vous moi?"
And yes she sighed.

THE WILD WEST

The Forter assisted Henry from the train. This trip to the farm was a treat for the Duke of York. His father was a Coleman and he had inherited the "golden Ruyle" ranch. On all sides of him were Peach orchards and fields of Wheat. This was only a Sample of the Savage life which even then was Scarcce. This Wiseman found his Way thru the Wood. He had to Dodge and Dartt among the Greenwood to avoid a Lyon which had been known to Kilmore than any other animal. The Robbins sang gaily in the trees, this made him anxious to Seymour. He picked up a Stone on the Banks of the river and threw it at a Crane. He arrived finally at his destination.

The next day he walked Miles and for the first time saw them Brand a Cowan watched the Henslay. This new Boss tried his Best to learn to Hunt. Every day he had to Packwood to the house and in time he became a Newman.

Dr. Munson: The class will now name some of the lower animals, starting with John Simonds.

She is attractive. You stop, you look, and after you marry her, you listen.

PET MOUSE OF IGNATUS FISH RUNS AMUCK

PET GUINEA PIG RUNS AMUCK, CHARGING UPON INNOCENT BYSTANDERS; BITING TWO AND EATING SIX

It was a terrible day the other night when Ignatus Fishus pet guinea pig broke loose from his halter and wandered down the streets of Ellensburg. The animal finding something at one of the prominent hotels on the way down is said to have come careening from street to street in hilarious fashion.

The Elks reunion for the prevention of cruelty to animals was gathered before the St. Horns hotel, and into the midst of this august body swaying from side to side rode the guinea pig of Ignatus Fishus.

The animal is said to have bitten several red noses and charged upon the leader of the band who barely escaped by climbing a convenient cherry tree.

It is rumored that the E. R. P. C. plans to take up the matter of needless cruelty to such innocent animals.

The police have not as yet captured the culprit but an enjoyable time was had by all.

PERSONALS

Mrs. Du Little gave a delightful punk tea on Thursday last. All the decorations were punk and so was the tea. Delightful punch, delicious wafers and entrancing cake were also served. The hostess wore an enchanting link gown made of beaver fur and an enjoyable time was had by all.

Finkie Pike known from the recent shooting left town lately.

Minnie Piffler gave a recitation at the Church social last week, entitled "The Barons Final Banquet" the end of which was especially appreciated.

Mr. Leonard, basketball coach, snapped his arm off at the elbow when shooting a basket yesterday. The arm was the right arm. When interviewed, Mr. Leonard said his right arm felt all right and his left arm felt all left.

Ray Scissors, a student expelled from school last semester for cutting classes was seen snipping around W. S. N. S. lately.

Mr. Bibb, teacher of Physics dropped a bottle of nitro-glycerine last Friday. Go to it Juniors!

I want to thank Miss Day the night nurse and Miss Knight the day nurse and Dr. Killall who kindly assisted in the death of my late husband.

Miss Katie Von Jones held a house warming party last week. The fire department arrived before the house was burn completely to the ground.

EPIDEMIC FEARED!

That the most dreaded disease mankind has ever known is liable to break out in W. S. N. S. any minute now was predicted by Doctor Munsing last Friday in a private lecture to the assembly. This disease which for centuries has taken toll of mankind's greatest specimens is so feared that all students are urged to glance around them on reading this article and see if there are any afflicted near them. If so they are advised to immediately evaporate as Spring Fever is very catching and deadly once captured.

Annabelee was striding down the lane watching glittering rays of red from a beautiful setting sun of the last lingering moments of day. Carefree, beautiful, blonde, innocently smiling to the warm June atmosphere she was tripping along happily; down to the old garden gate to meet Henry. Suddenly she heard a cry as of one being strangled in the thick brush that embanked the lonely path. She darted like a frightened Hyena into the thick forest that bordered the untraveled road and following her sixth sense which interpreted the sounds she heard she suddenly came to a large opening among the trees where she saw her beloved Henry. Ere she swooned she saw him biting—, Biting—.

OUR THOUGHTS

"For as he thinketh in his heart, so is he." Prov. 23:7

A MAN is literally what he thinks, his character being the sum of all his thoughts. As the plant springs from the seed so every act of man springs from the hidden seeds of thought. A man's mind may be likened to a garden, which may be intelligently cultivated or allowed to run wild; but whether cultivated or neglected, it must, and will, bring forth. If no useful seeds are put into it, then an abundance of useless weed seeds will fall therein, and will continue to produce their kind.

By the right choice and the true application of thought, man ascends to better things; by the abuse and wrong application of thought he descends to lower levels. Between these two extremes are all the grades of character.

A noble and God-like character is not a thing of favor or chance, but is the natural result of continued efforts.

The reward of this effort is Joy, Peace and Contentment of mind, which always comes to a well rounded character.

The Church today is the one institution which is continually planting good thoughts in the minds of people, and stands as a bulwark against the degrading influences around us.

A STORY

(By Don A. Laff and H. Weimer)

This is a STORY of a YOUNG man named HOWARD who was a WISE-MAN. He was ambitious and desired to be a KING, CARPENTER, SHU-MAKER, ABBOTT, FOREMAN, DEPUTY, PAINTER, MILLER, MASON, PORTER and HUNTER. His father, LAWRENCE sent him to PACKWOOD and COLE. HOWARD was WILEY and declared that he was a FREEMAN and his father could not RUYLE him NORWOOD he work. He decided to DODGE work and go HUNTING and HUNT for a SAV-AGE LYON. He thought it BEST to TUCK a SAMPLE of WHEAT and a PEACH in his pocket.

HOWARD was a good WALKER and covered many LONG MILES in a SHORT time. He left the MAIN road, crossed a LEE until he came to the CHURCHILL where there was a GREENWOOD but game SCARCE. He sat on a STONE to rest and finally saw a MARTIN DART behind a BEUSCH. He shot it and wanted to KILLMORE. It began to HALE and he could not SEYMORE. He returned home and got KANE for a re-WARD. By the WAY my STORY is DUNN.

At least they call it the 'shingle' but it often looks like a hack saw hair-cut.

It is quite a departure from the old days when mother cut the girls' tresses with a bowl—and used the shingle often.

It is time the boys got a new fad, to follow up the sheik hair-cut. Why don't they reverse the order of the 'shingle' and wear the back marcell-ed? That would be all right except on windy days when they would have to don hair-nets to keep their back hair straight.

Can you feature the phone at Es-win Hall being busy because some fastidious youth was making a hair-dresser date for the Junior Prom?

GIRL WISE AND CANOE FOOLISH

Your canoe should be large enough
for one and strong enough for two.

If you only hug the shore, its' no
sign you're stuck on the beach.

Be nautical in your conversation,
not knotty or naughty.

If by mistake you kiss her on the
chin, she will immediately exclaim
"Heaven's above!"

Above all don't get romantic, and
say that the moon looks just like a
big fried egg.

Because—
The moon isn't the only thing that
comes up when the water gets rough.

—Columns.

AT THE PEARLY GATES

Lee: "I wish to be admitted."

St. Peter: "We do need another
harpist. Can you play any musical
instrument?"

Lee: "I can play the saxophone."

St. Peter: "The next boat for
Hades leaves in ten minutes."

Speed—"Last night I had the
sweetest dream about you and I was
just going to kiss you when the sun
gleamed through the curtains and
awoke me."

Grace—"Darn this daylight saving
anyway."

Miss Kennedy to Nora—"Nora, you
were entertaining a man in the kitch-
en last night were you not?"

Nora—"That's for him to say, Miss
Kennedy, I was doing my best."

Lives of flunkers all remind us
We can flunk while we are here,
And departing leave behind us
Goose-eggs on the registers.

Fraser—Have you any brown ties
to match my eyes.

Clerk—No, but we have some soft
hats to match your head.

Is your room-mate coming back
next quarter?

No. I couldn't afford him.

LEARN YOUR SCHOOL SONG

Unto thee, our Alma Mater,
Here we pledge devotion true.
Years may pass and time may bring
us

Many a task that's hard to do.
Still we'll sing the old song over,
Still we'll call the old days back,
Still we'll cheer the best of colors
Hail! the Crimson and the Black!

Washington! thy name we honor,
Ever loyal we will be.
May old Time each year add glory,
W. S. N. S., to thee.
Still we'll sing the old song over,
Still we'll call the old days back,
Still we'll cheer the best of colors,
Hail! the Crimson and the Black!

ELLENSBURG STATE NORMAL SCHOOL

Established 1891

SUMMER SESSION

JUNE 2—AUGUST 22

A full quarter's work is offered in the regular courses,
leading to the granting of teacher's certificates in the
State of Washington.

Outdoor sports, including horseback riding, mountain
climbing and hiking, together with organized week-end
trips, are featured throughout the summer months. The
proximity of the Cascade mountains, lakes and streams,
assures pleasant summer days and cool evenings through-
out the summer session. An ideal place for study and
recreation.

Many students select this school because:

Expenses are kept low.

The school has high standards of scholarship.

College work and college credits can be had.

The social life is attractive.

The school is easy to reach—the center of the state.

The Conservative School is the School
